STRATFORD SABA DAY

On **Thursday 8th of June**, Safer Business Network held a **Safer Business Action Day** in Stratford.

After a short briefing from Alessandra, The Crime Reduction Manager at Safer Business Network, and The Police, we were split into teams to head into the town centre to engage with businesses and interact with members of the public.

Over 50 people attended the event the event and helped Stratford's community to become a safer place by helping engage and report issues across the town centre.

It is so important to report issues that you see around the town, helping Stratford become a safe town for all. **We will be able to resolve these issues much faster if we work together.**

This was an amazing day with an immense feeling of team work and partnership. We hope for these action days to happen more often in Stratford from now on!
