Roll up, roll up... This immersive family adventure takes you through a fantastical circus tent and into the woods. In amongst the trees you'll find an amazing, marvellous, EXTRAORDINARY... Monster Funfair!

Built entirely by monsters, our new immersive exhibition features all sorts of weird and wonderful fairground attractions – a dinosaur laser maze, a beastly fun house, mini bumble-bear bumper cars, a rollercoaster slide and lots lots more.

Created with the award-winning Nadia Shireen, this magical world also has a fairground mystery to solve – just who has stolen ALL the candyfloss?
