

## STRATFORD ORIGINAL IN DECEMBER

As the year came to an end, it's time to reflect on what we've achieved together last month.

We're delighted to highlight some of the initiatives delivered throughout December, helping to make Original Stratford a magical and festive destination during the busiest month of the year.

Firstly, we proudly sponsored the Christmas tree in Stratford's Meridian Square and hope you enjoyed the light-up event last month.

On the same day, we were also pleased to support another fantastic occasion hosted by Newham Chamber of Commerce — the Business Growth Award at their Annual Banquet, celebrating outstanding businesses in the area.

Once again, congratulations to the winner of the category, Jim & Tonic and its founder Jim Mark, who launched his sustainable urban distillery in 2016 in Stratford. What began as a mobile gin bar in a van has grown into a recognised brand with distilleries, bars and event spaces across East London, all rooted in premium, locally sourced spirits and sustainable practices.

We also joined the winter celebrations with our annual Winter Wonderland at St John's Church, bringing free drinks and snacks, music, Santa, the Gingerbread Man and plenty of festive fun for the local community in the heart of Stratford.

To further support local businesses and encourage Christmas shopping close to home, we offered free gift-wrapping services every Saturday throughout December. Over 170 presents were wrapped — making this our most successful gift-wrapping season to date.

This year also marked the launch of our first time winter windows initiative. Our festive characters brought cheer to windows across the Stratford Cultural Quarter, Theatre Royal Stratford East, Stratford Shopping Centre, Gerry Raffles Square and Stratford Picturehouse, as well as lighting up the digital screen at The Source — adding a touch of seasonal charm across the area.

We also printed Christmas guides of Stratford, outlining some of our members' events and activities across the month.

## AI SEMINAR

We're pleased to announce our upcoming seminar in 2026 surrounding the hot topic of AI and its potential for businesses.

The event will be taking place on the 25th of February at the Us&Co (11 Burford Road E15 2ST). This is our first ever hybrid event and attending online will be possible as well. More details will follow shortly on our website at [www.stratfordoriginal.com/member-events/](http://www.stratfordoriginal.com/member-events/).

## MANAGING THE SILENCE WORKSHOP

Dialogue Hub and Dialogue Café, with the support of Stratford Original BID, are delighted to present a unique opportunity to attend the Managing Silence Workshop, developed through work with the deaf community in our local area.

Silence – when used intentionally – can become a powerful tool for reflection, awareness and human connection. By removing spoken language, the workshop creates an environment where participants rely on non-verbal cues, emotional intelligence and collective problem-solving. This approach naturally reveals communication patterns, leadership behaviours and team dynamics that often remain hidden in everyday working environments.

A taster session will be available from the third week of January, with spaces for 4-8 participants. Please follow the QR code to find out more:
